District I**Marsha L. Gulledege**

My family moved here when I was in third grade, so I have been a part of this community for over 30 years, and I was fortunate to graduate from Camdenton High School. Once I graduated from college, I wanted to come back home to the lake. I was assistant branch manager and then promoted to Head of Store at the Banana Republic Factory Store in Osage Beach. I was there for five years until I landed a job at Central Bank Lake of the Ozarks, where I just celebrated my 10-year anniversary and now hold the title of Financial Advisor. Central Bank is a HUGE advocate for the community, so I have been able to be a part of a lot of events and organizations. I am excited to have the opportunity to serve on the MU Extension Council. I am always happy to support my community with an open mind, a willingness to listen, and a solution-focused attitude.

Dylan W. Morgan

My name is Dylan Morgan, and I am 46 years old have been involved in or have lived in The Lake of the Ozarks over the course of my entire life. I have been a full-time resident of Camden County since 1995. I am married to my wife, Jess, and we have three children: our oldest stepdaughter Logan, 21, stepson Ryder, 17, and our son Sebastian, age nine. I'm currently the bar supervisor at Baxter's Lakeside Grille, where I have tended bar for nine years. I've been involved in the bar and restaurant business since High School. My family has been proud Lake residents for a long time, and my father's side of the family lived at the lake before the actual Lake of the Ozarks was ever built.

Ashley Brown, Mark Webb, and Chris Foster encouraged me to serve on this council. All three of whom are friends of mine. I also was recently appointed to serve as a board member of the CADV. My term began in January 2024. I feel fully invested in our community as this is home and where we raise our family. I have great insight into the county and the Lake Area, and my helpful nature will be a solid addition to the Camden County Council of the University of Missouri Extension.

Mark Webb

My name is Mark Webb, and I'm a lifelong resident of Camden County, Missouri, a proud University of Missouri Columbia alum and a local attorney and business owner operating out of Osage Beach, Missouri and serving the entire Lake area. I've been a member of the MU Extension Council of Camden County for two years and have served as Vice-Chair of the executive board for the past year. If given the opportunity, I look forward to continuing to be an active part of Council activities and moving our objectives forward. I'm proud to have been a part of what I believe to be some very positive changes over my first term as a member.

District I continued

Sandy Nelson

I grew up at J Bar H Ranch, just outside of Camdenton. A Camdenton High School graduate, I went to the University of Missouri Columbia, receiving a Bachelor of Science in Biology with minors in Physiology and General Science. The following year I earned a Master of Education in Guidance and Counseling. Moving to Southern California, I taught one year and then became a Social Worker for Los Angeles County working with the permanently disabled. After 10 years in the field, I ran away to the circus as a flyer with the Flying Viennas trapeze group, touring Mexico with the Atadye Brothers Circus. Upon my return, and after a variety of temporary jobs, I became a photojournalist, Editor and eventually Publisher of a local community newspaper.

Since returning to Camdenton in 1991 to care for my parent's property, I have participated in a number of community organizations, including the Camden County Historical Society, Camden County Saddle Club, Sunrise Beach Little Theatre and the Farmers Market in Camdenton. Statewide, I was a founding member of the Missouri Farmers Market Association, serving as its first president. In addition, I became both a Master Gardener and Missouri Master Naturalist, being an active member of the Lake of the Ozarks Master Naturalist Chapter since 2009.

Presently, I am President and Market Manager of the Farmers Market in Camdenton. As a farmer, my specialty crops are garlic, chili peppers, heirloom tomatoes, cucumbers, okra and squash as well as culinary herbs. I have a strong interest in having fresh food accessible to all people at a reasonable price.

The phrase "An informed community is a strong community," is one that applies to all aspects of people's lives. MU Extension provides information and education to people at the county level on a variety of subjects that directly and positively affects their quality of life. It is important that this work continues and expands. I plan to assist in developing and implementing educational programs; give suggestions and ideas; help determine areas needing attention; and volunteer in any capacity where I can contribute.

District II**Allen L. Dobbs**

I have lived in the Lake of the Ozarks area since May of 1987. I came to stay for the summer and never left. began in Osage Beach only to continue a modest westward migration to the very edge of southwest Camden County, where I have lived for nearly 25 years. I have been employed at Macks Creek R-V for 29 years, initially as a paraprofessional before becoming a full-time teacher several years later. I spent my summers working as a park naturalist at Ha Ha Tonka State Park for many years. This position complimented my time in the classroom as I was required to give tours, do programs, and rescue the occasional lost hiker. My wife and I consider the Lake area our home. I look forward to working with the other council members if elected.

District III

Jamee Rugen

My name is Jamee Rugen. I have lived in the Montreal area of Camden County for 12 years with my husband and our two kids. I have lived in Camden County full-time since 2010. Our family has a small hobby farm in Montreal where we have multiple horses, as both of my kids are active in the equine portion of 4-H and Clover Kids. We hope to start working with cattle for the same reason this year.

I am currently employed with the Camdenton City Police Department, where I am assigned to the High School as one of the School Resource Officers. I have worked in law enforcement for 14 years and have helped implement many community programs (DARE and Junior Deputy Academy at the Camden County Sheriff's Office). I also sit on the Camden County Ambulance Board, the Loving Our Community team at First Baptist Church, and the University Extension Council. I enjoy working with the community, especially with the kids. I am currently a volunteer with the Lazy Lopers 4-H group and am interested in helping expand the 4-H experience for future kids. I look forward to serving the MU extension for another term.
