For a county to be considered reciprocating, Shelby County youth exhibitors are treated the same as in county exhibitors when dealing with ribbons, premiums, trophies and entry fees. 4-H Club Entry Judging: Sunday, June 29th 2:30-4:30 pm

Exhibit Entry: Sunday, June 29th

Clubs should check in exhibits according to this schedule:

4:30 - 6:00 p.m. Ham Check in

4:30 – 6:00 p.m. North Shelby FFA & South Shelby FFA

All judging will be done by self-evaluation. Only judges, workers and members checking exhibits in are permitted in the 4-H building. Other family members will wait in designated waiting areas until judging is complete.

The learning experience of a boy or girl is greatly enhanced with the opportunity to self-evaluate. The term self-evaluation means that the member and the judge have the opportunity to go over the article to be evaluated. Members should be prepared to explain to the judge methods used and why they were selected, reason for choosing the article, how or where it will be used, problems encountered and satisfaction gained. Together the member and the judge determine what ribbon the article should receive. This procedure gives the members a greater sense of personal involvement than does the judging of exhibits by an adult.

4-H Project List

If a project is selected as a “state fair item” and fails to meet the following criteria, the project will need to be corrected to comply or will not be eligible to be exhibited at the Missouri State Fair. WHAT ARE THE RIBBON COLORS ALL ABOUT?

Most people believe that judging starts at the blue ribbon and goes down. Not true. Judging begins at the red ribbon meaning the exhibit met the minimum requirements, shows an honest effort, but has some room for improvement.

A blue ribbon means the exhibit has exceeded the minimum standards and may have some small flaws where improvement may be made.

A white ribbon is probably the most misunderstood. A white ribbon does not indicate inferior work; it means the exhibit does not meet minimum standards. Many 4-H'ers have said that the

white ribbons they received were the “spark” that got them started learning and led to blue ribbons later.

If you learned something, you are a winner no matter what the ribbon color!

FFA Farm Mechanics Exhibit

Entries must be in place by 4:30 p.m. Sunday, June 29, 2024 and must be picked up on Wednesday, July 2 at 7:00 P.M. Entries will be judged on the basis of workmanship, design, safety and appearance.

Each exhibitor is limited to six entries per class, except horticulture where 6 entries are allowed. Articles must be painted or properly treated and must be cleaned and in presentable condition even though they may have been used.

The points assigned to projects are based upon the amount and difficulty of the work involved and the cost of materials. The points given are for average projects and may be adjusted up or down when a project is unusual in size and difficulty, and it appears necessary in order to keep the points in balance.
