

Computer Science Contest 4-H STEM Extravaganza 2021

Do you love to code? Are you creative using Scratch or Turtle Block? Are you able to make a program with Python, Java, or another programming language? If yes, then create your own computer science project and enter in the Missouri 4-H Computer Science Contest!

Step 1: Register for Computer Science Contest (as part of the 4-H STEM Extravaganza event) on 4-H Online, <https://v2.4honline.com/>

Step 2: Design your own computer science project. Save it and test it to see that others can open it. Be sure it's running as you expect when others open it too.

Step 3: Submit file to mo4hcs@gmail.com. Attach your entry to the email. Please include participant name, age, category, phone number and email information. Note: Add all team members' names and ages if you are submitting as a team. Include a short description about your project and how you made it.

Entries must be completed by April 26, 2021 by 11:59 pm. No late entries will be accepted. Entries will be judged on creativity, playability, and complexity. One entry per person.

INDIVIDUAL or TEAM DIVISIONS		
A1	Junior Division	Ages 8-10
A2	Intermediate	Ages 11-13
A3	Senior Division	Ages 14-18

Entries will be shared at the Missouri 4-H STEM Extravaganza on May 1, 2021. Winners will be announced during the awards ceremony. Participants do not have to be present to win. Watch Missouri 4-H Facebook page for the announcement of the winners.
